

LEADING BEYOND BOUNDARIES

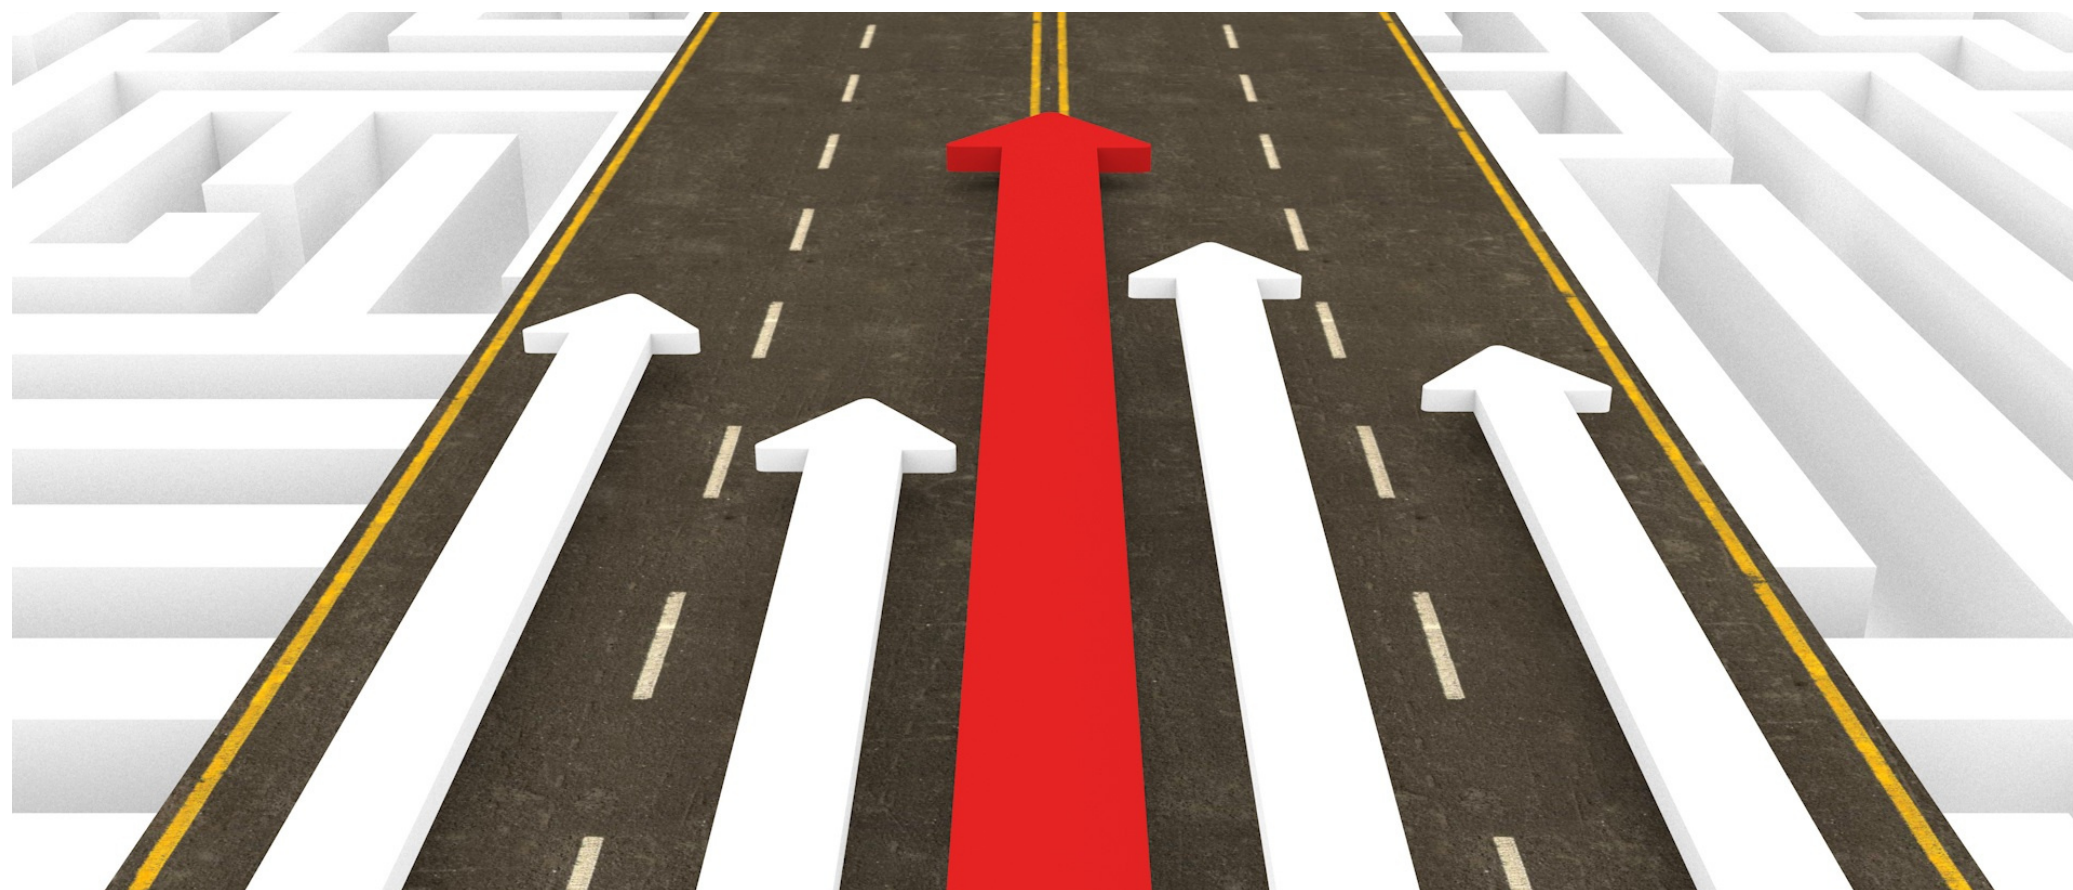

A SYSTEMS LEADERSHIP PROGRAMME WITHIN BEDFORDSHIRE, LUTON AND MILTON KEYNES; STARTING ON 25TH FEBRUARY 2021

WHAT IS LBB? WHO SHOULD PARTICIPATE?

Leading beyond boundaries is an ambitious development programme that will bring together Leaders from across the health, social care and public service in the BLMK system to help redesign and lead changes for a better future for our local community.

The programme will support the development of “super connected” leaders across the system. This will include Health, Social Care, Police, Fire and Ambulance Services.

Leading Beyond Boundaries creates a “change energy” connected community of practice within the place you work; Bedford, Central Bedfordshire, Luton and Milton Keynes. It aims to stretch, motivate and drive you to be the beyond boundary leader of the future. It will adopt a community ‘asset’ approach and enable you to explore how working with wider agencies creates innovative mechanisms to support wellness within our local communities.

WORKING AT PLACE BASE

Developing connections and ways of working at the Milton Keynes and Bedfordshire/Luton place based levels will support the development of mature systems working.

Leading Beyond Boundaries will facilitate across system working but delivery of some learning will be done at place base level.
